

Learn to Paint Quickly,
Easily and Beautifully!

Donna Dewberry touches the lives of people around the world with her message, "You can learn to paint quickly, easily and beautifully with the One Stroke painting method." Donna takes the intimidation out of painting by breaking down strokes to build colorful flowers and whimsical critters. Her double-loading technique allows for blending, highlighting and shading all in one stroke. With practice, any painter can create beautifully hand-painted projects and enjoy the satisfaction of creativity.

Begin Painting Today with the One Stroke Technique!

Developed for beginner painters, Donna's double-loading technique, strokework, premium brushes and educational tools make learning to paint relaxing, fun and easy.

Dip one side of brush in first color & other side of brush in second color.
